## The Realty Via Web Portal

Access your website content from any computer with an Internet connection.

**Adding Featured Listings** to your website is quick and easy. Enter the MLS Number of your featured listing and you are done!

**To Add a Neighborhood**, First add a marker to a Google Map. Then complete the remaining items on your neighborhood form.

**Content Management made easy!** Editing text content is very similar to editing a Microsoft Word document.

**Show off your properties with a Photo Gallery.** Resize and edit your photo on your computer. Then upload to your website's photo gallery.
